Hekima Safaris
Tour Itinerary
Lake Manyara & Ngorongoro Crater 2 Day safari

Day 1 Arrival

The group arrives at Kilimanjaro Airport (JRO). Participants are met by a representative of Hekima Safaris and transferred your preferred accommodation place of choice.

Day 2 Lake Manyara

In the morning after breakfast (around 7:30 AM) your safari guide will arrive at the hotel and inform the receptionist that he is waiting for you. After meeting up with your driver you will travel to Lake Manyara National Park, and by 10:00 AM you will already be on your first safari!

The entire territory of this park is cut through with ground water streams that provide a favourable environment for plants and, in addition, for a multitude of birds (including pink flamingos) and African forest animals.

Around lunchtime you will visit the Maji Moto hot springs and the driver will provide you with personal lunchboxes. After this stop the safari will continue, and by evening you will be transferred to your accommodation place for dinner and overnight.

Additional notes:

This is your first day on safari, so we ask that you please pay special attention to the national park's visitor rules and our company recommendations.

- During the safari it is strictly prohibited to exit the vehicle, except for in specially designated areas. Violations of this rule may be accompanied by large fines for the company, including the revocation of its license.
- Off road driving is also prohibited, as such behaviour may cause irreparable damage to the fragile balance of the natural ecosystem.
- During the safari you are allowed to smoke, but be extremely careful about how you extinguish and dispose of cigarette butts, as they are a frequent cause of fires in the savanna.

- In addition, we sincerely request that you not put your feet on the safari car's seats, nor sit on the back of them, because this type of behaviour quickly makes the cars unusable.

Thank you in advance for your understanding.

Day 3 Ngorongoro Crater

On this day it is best to leave as early as possible so you can see the variety of animals that are only active during the morning hours; breakfast will be packed in lunchboxes specifically for this purpose. At 6:30 AM you will set off for Ngorongoro Conservation Area, and after about an hour you will already be inside the crater.

Ngorongoro is one of the most famous and interesting of Tanzania's national parks because here you can find the greatest number of different animal species per square kilometre. You will have the chance to see buffalo, elephants, lions, wildebeests, zebras, hippopotamus and feline species such as caracals and servals. The luckiest travelers might even see a rhinoceros, an animal whose numbers are rapidly declining.

By lunch time you will arrive at the lake side, where you will be offered lunchboxes, after which the safari will continue.

In the evening you will be transferred back to Arusha.

Day 4 Departure

Rest in the hotel and transfer to the airport.

Note: Hotel check-out is at 11:00 AM. In case you need a late check-out because of an evening flight, you have the option to extend your hotel stay till 6:00 PM for an extra fee.
