In this park you have the chance to see lots of wild Tanzanian animals (lions, buffaloes, giraffes, zebras, etc.)

You should be aware that this is wild nature, so the guide cannot make any guarantees on the presence of specific wild animals, but you can be sure he will do his best to find everything you're looking for!

At lunch time you will be provided a meal, after which the safari will continue. In the evening you will be transferred to your accommodating place

**Additional notes:**

This is your first day on safari, so we ask that you please pay special attention to the national park's visitor rules and our company recommendations.

- During the safari it is strictly prohibited to exit the vehicle, except for in specially designated areas. Violations of this rule may be accompanied by large fines for the company, including the revocation of its license.
- Off road driving is also prohibited, as such behaviour may cause irreparable damage to the fragile balance of the natural ecosystem.
- During the safari you are allowed to smoke, but be extremely careful about how you extinguish and dispose of cigarette butts, as they are a frequent cause of fires in the savanna.
- In addition, we sincerely request that you not put your feet on the safari car's seats, nor sit on the back of them, because this type of behaviour quickly makes the cars unusable.

Thank you in advance for your understanding.
